circumstances may require. It shall be served on the medical practitioner fifteen clear days before the beginning of the inquiry and shall be accompanied by a copy of rules (i), (ii) and (iv) above and of the rules to regulate the procedure for conducting any inquiry referred to in those rules. Service of the notice may be made either by delivery to the medical practitioner in person or by registered letter addressed to his usual residence.

(xii) In every case in which the Board resolve that an inquiry shall be instituted and notice of inquiry is issued accordingly, the complainant (if any) and the medical practitioner concerned shall, upon request in writing signed by the party or his pleader, be entitled to be supplied by the Secretary with a copy of any declaration, explanation, answer or other document given or sent to the Board by or on behalf of the other party, which such other party will be entitled on proper proof to use at the hearing as evidence in support of, or in answer to, the charge specified in the notice of inquiry.

(xiii) Any answer, evidence, or statement forwarded, or application made by the medical practitioner between the date of the issue of the notice and the day named for the hearing of the charge, shall be dealt with by the President in such manner as he shall think fit.

If the medical practitioner refuses or without reasonable cause neglects to appear to answer the charge either personally or by pleader, he shall be taken to admit the truth of the articles of charge.

(*c*) The complainant may then address the Board or Committee in explanation of the articles of charge and of the evidence by which they are proved.

(*d*) The oral and documentary evidence shall then be exhibited. The witnesses shall be examined by or on behalf of the complainant any may be cross-examined by or on behalf of the medical practitioner concerned. The complainant shall then be entitled to re-examine the witnesses on any point on which they have been cross-examined. No questions should be asked in re-examination on any new matter without leave of the Board. The Board or Committee may put such questions as they think fit.

(*e*) If, before the close of the case for the complainant, it shall appear necessary, the Board or Committee may, in their discretion, allow the complainant to exhibit evidence not included in the list furnished to the medical practitioner concerned or may themselves call for new evidence, and in such case the medical practitioner shall be entitled to have, if he demands it, an adjournment of the proceedings for three clear days, before the exhibition of such new evidence, exclusive of the day of adjournment and of the day to which the proceedings are adjourned.

(*f*) When the case for the complainant is closed, the medical practitioner concerned shall be required to make his defence, orally or in writing, as he shall prefer. If made in writing, it shall be openly read and a copy shall be given at the same time to the complainant.

(*g*) The evidence for the defence shall then be exhibited, and the witnesses examined, who shall be liable to cross-examination and re-examination and to examination by the Board or Committee in the same manner as the witnesses for the complainant.

(*h*) The Board or Committee or some persons appointed by them shall take notes in English of all the oral evidence, which shall be read aloud to each witness by whom the same was given, and if necessary explained to him in the language in which it was given, and shall be recorded with the proceedings.

(*i*) If the medical practitioner concerned makes only an oral defence and exhibits no evidence, the inquiry shall end with his defence. If he records a written defence or exhibits evidence, the complainant shall be entitled to a general oral reply on the whole case, and may also exhibit evidence, to contradict any evidence exhibited for the defence, in which case the medical practitioner concerned shall not be entitled to any adjournment of the proceedings, although such new evidence were not included in the list furnished to him.

(*j*) When the Board or Committee shall be of opinion that the articles of charge, or any of them, are not drawn with sufficient clearness and precision, the Board or Committee may, in their discretion, require the same to be amended, and may thereupon, on the application of the complainant or the medical practitioner concerned, adjourn the inquiry for such time as they may consider reasonable. The Board or Committee may also, if they think fit, adjourn the inquiry from time to time, on the application of either the complainant or the medical practitioner concerned, on the ground of sickness or unavoidable absence of any witness or such other cause as they may consider reasonable. When such application is made and refused, the Board or Committee shall record the application and their reasons for refusing to comply with it.

(xvii) (*a*) When there is no complainant, or no complainant appears, the proceedings shall begin by the Secretary reading to the Board the notice of inquiry addressed to the medical practitioner concerned and the articles of charge and stating the evidence by which the articles of charge are supported.

(b) The medical practitioner shall then be called upon to plead " guilty " or " not guilty." The further proceedings shall be conducted in substantial accordance with the procedure laid down in rule (xvi) above.

(xviii) The Board or Committee may, at their discretion, hold the inquiry *in camera*.

(xix) (a) Upon the conclusion of the case, the Board or Committee will deliberate thereon in private, and at the conclusion of the deliberations the Board or Committee shall vote on the question whether the articles of charge are proved or not and whether they show that the medical practitioner concerned has been guilty of professional misconduct or not.

(b) If the Board or Committee by a majority find the medical practitioner guilty of professional misconduct, the President shall direct the Secretary not to register his name if he be an applicant for registration, or to erase his name altogether or for a specified period from the register of medical practitioners if he is already a registered practitioner, except in cases where the Board or Committee consider that in view of extenuating circumstances the practitioner may be let off with a warning.

(xx) When the registration of the name of any medical practitioner is refused or when the name of any registered medical practitioner is removed from the register in accordance with the provisions of the preceding rules, the Secretary shall forthwith send notice of such refusal or removal to the medical practitioner concerned, and such notice shall be sent by a registered letter addressed to his last known address. The Secretary shall also send forthwith intimation of any such refusal or removal to the body or bodies from whom the medical practitioner received his qualification or qualifications and shall request them not to admit him to any examination for any new qualification which is registrable in the register of registered practitioners without previous reference to the Board.
